

کتابهای منتشر شده در مبحث انفجار

تئوری، کاربرد و اثرات

نام کتاب	مؤلف	ناشر	تاریخ نشر	توضیحات
The Effect of Nuclear Weapons	S.Glasstone	United States Department of Defense Administration	1977	
Dynamics of Explosions	J.R. Bowen	American Institute of Aeronautics and Astronautics	1986	
Dynamics of Detonations and Explosions	A.L. Kuhl	American Institute of Aeronautics and Astronautics	1991	
www. A-Rahmati .ir				
Effects of Explosions on Materials	Springer	S.S. Batsanov	1994	
Blast Effects on Buildings	G.C. Mays	Thomas Telford	1995	
Explosive Loading of Engineering Structures	P.S. Bulson	E & FN SPON	1997	

Understanding Explosions	D.A. Crowl	CCPS	2003	
Handbook of Explosion Prevention and Protection	M. Hattwig	WILEY	2004	
Shock, Impact & Explosion	M.Y.H. Bangash	Springer	2008	
Blast Waves	C.E. Needham	Springer	2010	
Handbook For Blast Resistant Design of Building	D.O. Dusenberry	WILEY	2010	
Blast Mitigation Experimental and Numerical Studies	A. Shukla	Springer	2014
